ISSUE: Turn Lane Construction at SR-59 and Waterville USA Access Project Bid

RECOMMENDATION: Award Turn Lane Construction Contract to McElhenney Construction in an Amount Not to Exceed \$258,011.84.

BACKGROUND: On March 1, 2018, sealed bids were opened for the Turn Lane Construction at SR-59 and Waterville USA Access project. McElhenney Construction was the low bidder for the project with a base bid amount of \$311,705.89. Public Works & Volkert worked with the McElhenney and was able to value engineer the project and reduce the contract amount to \$258,011.84. We applied the reduced scope to the second and third low bidders and McElhenney still had the lowest bid amount.

This project will widen Hwy 59 to lengthen the existing Waterville left-turn lane from 35' to 225'. The existing Waterville left-turn lane can only accommodate one car and will backup southbound traffic in the busy summer months.

PREVIOUS COUNCIL ACTION: Council passed resolution 5942-18 authorizing a funding agreement between ALDOT and the City for ALDOT to pay all costs associated with the project up to \$300,000.00. Council passed resolution 5943-18 for Volkert to provide professional services for the project in an Amount Not to Exceed \$46,562.00.

BUDGET IMPLICATIONS: There is \$300,000 budgeted for this project in account 40-879-65528. ALDOT has agreed to reimburse 100% of the \$300,000 cost of the project.

RELATED ISSUES: None

Turn Lane Construction at SR-59 and Waterville USA Access
Volkert Contract No. 1004300.ALR**

Dear Mr. Acreman:

Enclosed is the following information from the March 1, 2018 bid opening on the above-referenced project:

1. One (1) copy of the Tabulation of Bids.
2. One (1) copy of the project value engineering.
3. Original proposals received from the contractors who submitted bids for this project.

We have reviewed all submitted bid proposals. There was one (1) arithmetical error noted in McElhenney Construction Co.'s bid; however, this did not change the result of the bid. The low bid price of \$311,705.89 was submitted by McElhenney Construction Company, LLC. The bid was reviewed for unbalanced bidding and appears to be in order. Therefore, we recommend that McElhenney Construction Company, LLC be awarded the contract to perform this work.

As this bid price exceeded the city's stated budget for the project, a value-engineering review was performed in conjunction with your office. At the conclusion of the review, the project cost was reduced to \$258,011.84. The value engineering did not result in a change in the low bidder. A copy of the value engineered comparison is attached for your records.

We plan to proceed with preparing the contract documents upon notification of the contract award by the City of Gulf Shores.

Should you have any questions or require additional information, please call.

Sincerely,
VOLKERT, INC.

Andrew E. James, P.E.
Project Manager
